## Terms and Connectors 术语与连接符

Lexis 系统按照布林逻辑设计了连接符来定义术语之间的逻辑关系。您可以通过检索框旁的 Search Connector 来确定其含义。

- 在检索区下面，可以查看常用的几个连接词的简单介绍

# 检索——segment功能

Legal > Secondary Legal > Law Reviews & Journals > Law Reviews, CLE, Legal Journals & Periodicals, Combined

The screenshot displays the LexisNexis search interface. On the left, a sidebar titled "Search" contains options for "Enter Search Terms", "Restrict by Document Segment", "Restrict by Date", and "Search Connectors". A dropdown menu for "Select a Segment" is open, listing various document segments such as LEGISLATION, LENGTH, LOAD-DATE AFT, etc., with "TITLE" highlighted. The main search area shows the search path, navigation tabs, and a search form with "TITLE (game theory)" entered. A red box highlights the "Select a Segment" dropdown in the sidebar.

注意：不同的子库有不同的segment类型连接词

通过**Terms and Connectors**，可以大大提高检索的准确性。

比如，在法律库中查一篇关于“碳排放”的文章，如果仅仅输入“**carbon emission**”，则会出现所有包含**carbon**和**emission**的文章，无从下手。

为了使检索结果满足需要，可以通过在检索框内输入以下的语句来增加检索结果的相关性：

`title(carbon emission)`

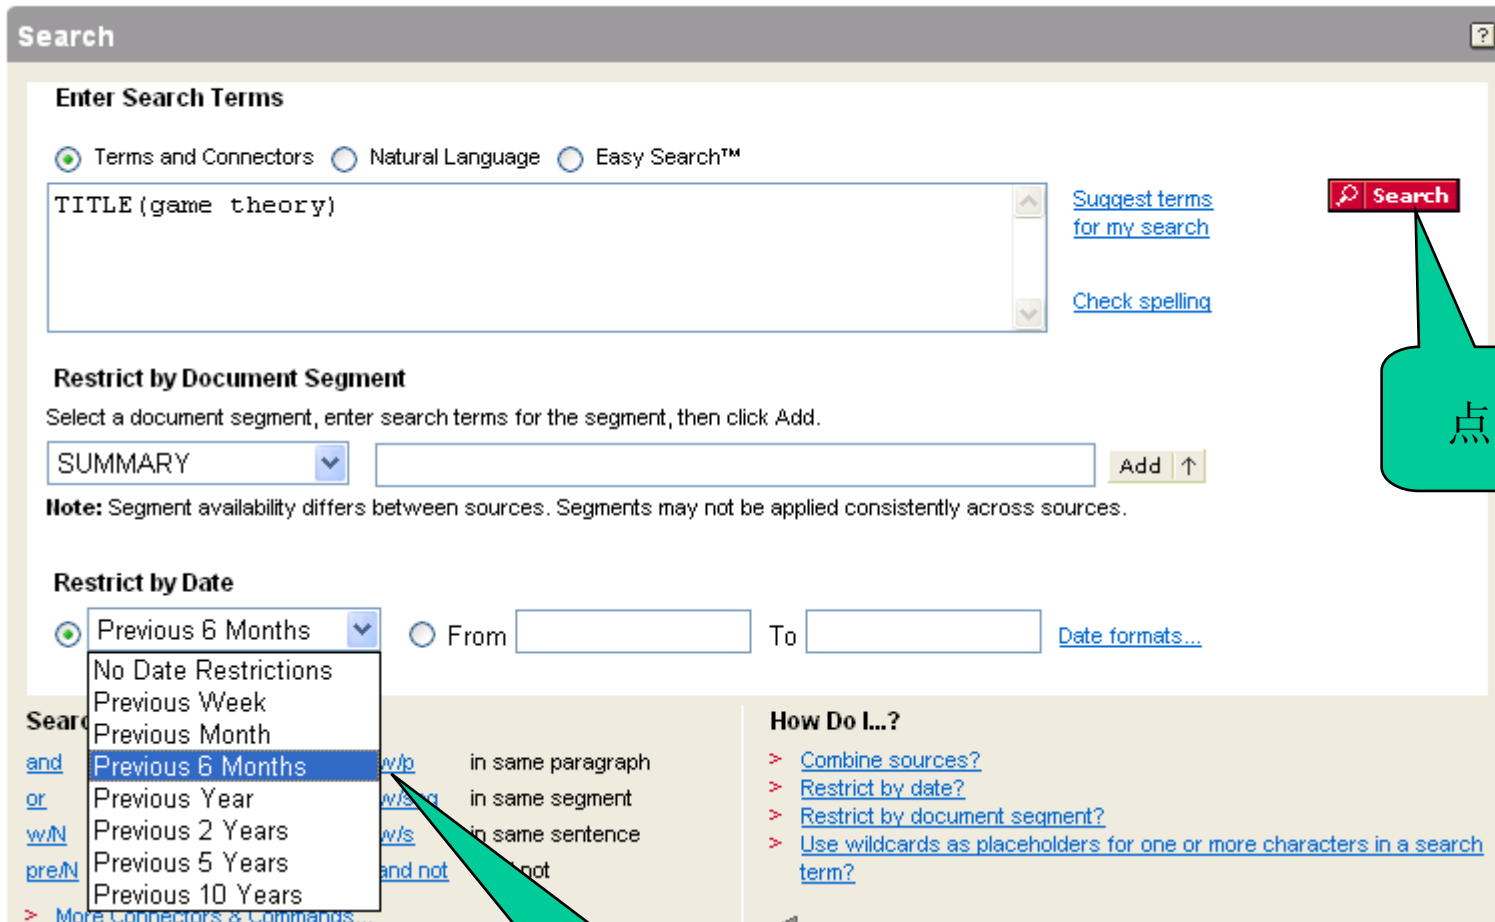

`carbon w/5 emission`

`atleast20(carbon emission)`

`summary(carbon emission)`

# 认识检索区——restrict by date功能

[Legal](#) > [Secondary Legal](#) > [Law Reviews & Journals](#) > [Law Reviews, CLE, Legal Journals & Periodicals, Combined](#) ⓘ

The screenshot shows the LexisNexis search interface. At the top, there is a breadcrumb trail: [Legal](#) > [Secondary Legal](#) > [Law Reviews & Journals](#) > [Law Reviews, CLE, Legal Journals & Periodicals, Combined](#) ⓘ. Below this is a search bar with the text "TITLE(game theory)". To the right of the search bar are links for "Suggest terms for my search" and "Check spelling".

Underneath the search bar is the "Restrict by Document Segment" section, which includes a dropdown menu currently set to "SUMMARY" and an "Add" button. A note below states: "Note: Segment availability differs between sources. Segments may not be applied consistently across sources."

The "Restrict by Date" section is the focus of the image. It features a radio button selected for "Previous 6 Months" and a dropdown menu that is open, showing the following options: "No Date Restrictions", "Previous Week", "Previous Month", "Previous 6 Months" (highlighted), "Previous Year", "Previous 2 Years", "Previous 5 Years", and "Previous 10 Years". To the right of this dropdown are "From" and "To" input fields and a "Date formats..." link.

At the bottom left, there is a "Search" section with various connectors like "and", "or", "w/N", "pre/N", and "w/p", "w/s", "w/s", "and not". At the bottom right, there is a "How Do I...?" section with links for "Combine sources?", "Restrict by date?", "Restrict by document segment?", and "Use wildcards as placeholders for one or more characters in a search term?".

◆ [Stevens v. Turner, 222 F.2d 352](#) ([Copy w/ Cite](#))

Page

**OVERVIEW:** Plaintiff brought an action against defendant to recover money alleged to be due her for support and maintenance under a divorce decree. On her motion, summary judgment was entered in her favor. Defendant filed a motion in which it was averred that recovery of a portion of the judgment in the amount of \$ 8,800 was barred by the five-year statute of limitations of California, and it was prayed that the judgment be amended by reducing the total amount of the recovery by that amount. While the motion was still pending, defendant filed his notice of appeal. Plaintiff presented a motion to dismiss the appeal, contending that it was premature, and that therefore, the district court had no jurisdiction. The court dismissed the appeal. The court ruled that defendant's appeal, taken while his motion to amend the judgment was pending, was premature under [28 U.S.C.S. § 1291](#), and the court acquired no jurisdiction by virtue of it, and no after-occurring action or event can inject vitality into it.

**OUTCOME:** The court dismissed defendant's appeal from the grant of summary judgment for plaintiff. The district court's action in overruling defendant's motion merely rendered the judgment final at that time and could not have affected the appeal, which had been prematurely taken. The court ruled that nothing done by either party could have vested jurisdiction in the court to review a case over which jurisdiction did not exist.

301 U.S. 646; 57 S. Ct. 915; 81 L. Ed. 1318; 1937 U.S. LEXIS 1142

April 28, 29, 1937, Argued  
June 1, 1937, Decided

**PRIOR HISTORY:** CERTIORARI TO THE CIRCUIT COURT OF APPEALS FOR THE SIXTH CIRCUIT.

[CERTIORARI, 300 U.S. 650](#), to review the affirmance of a decree in admiralty adjudging two vessels at fault and adjudging that intervening underwriters recover, from each of the vessels and their respective owners, a moiety of payments made under policies insuring one of the carriers against liability to cargo.

**DISPOSITION:** [86 F.2d 740](#), reversed.

**CASE SUMMARY**

**PROCEDURAL POSTURE:** Certiorari was granted to review a judgment from the Circuit Court of Appeals for the Sixth Circuit, which allowed respondent insurer to recover from petitioner and respondent carrier a moiety of payments made under marine insurance policies, which insured petitioner against liability to cargo.

**OVERVIEW:** Petitioner insured's vessel and respondent carrier's vessel collided. Petitioner paid the cargo owners the amount of cargo damage and loss, and, under the marine insurance policies, respondent insurer paid that amount to petitioner. Petitioner and respondent carrier filed libels in admiralty against each other, and respondent insurer intervened, seeking recovery from respondent carrier. The district court determined that both vessels were at fault and held that respondent insurer could recover from both petitioner and respondent carrier a moiety of the amounts paid under the policies. The appellate court affirmed, but the court reversed the judgment. Through its tariffs, petitioner became an insurer of the cargo against marine perils, and petitioner's insurance policies with respondent insurer expressly agreed to indemnify petitioner for that liability. While respondent insurer could be subrogated to the rights of the cargo owners against respondent carrier, the equity of subrogation did not allow respondent insurer to recover against petitioner.

**OUTCOME:** Judgment allowing respondent insurer to recover from petitioner and respondent carrier a moiety of payments made under marine insurance policies was reversed and remanded, because the policies expressly provided coverage for petitioner's liability, and the equity of subrogation allowed recovery only against respondent carrier.
