## INTRODUCTION.

The cholera epidemic of the 15th year of Meiji (1880) was the most violent and malignant since that of the 12th year of Meiji (1879), there being 155,574 cases, among which 110,036 were fatal. Indeed, there were only 17 days in the whole year when there were no cases.

The epidemic spread over the whole country, an area of 3 *fu* 41 *kos* and even Hokkaidō suffered from its invasion; but it was most violent in Ōsaka, Ishikawa, Toyama, Tokyō, Fukui, and Niigata. The *kos* of Kagoshima and Miyazaki and the northern part of Hokkaidō, were the only localities which escaped its ravages.

As to the cause of its outbreak and propagation, accurate evidence is wanting; it is an undeniable fact however, that it sprang and was propagated from the widely spread germs of the disease which had laid dormant in Ōsaka the preceding year, there being no

UNITED STATES GOVERNMENT  
**Memorandum**

TO : DIRECTOR, FBI (100-448006) DATE: 8/19/70

FROM : SAC, NEW YORK (100-161180) (P)

SUBJECT: COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST - HATE GROUPS  
RACIAL INTELLIGENCE

ReNYlet to Bureau 5/21/70.

**1. Operations Under Consideration**

The NYO realizes that one of the most effective Black Nationalist propaganda operations is the sale and distribution of the BPP newspaper, "The Black Panther" in the New York City area.

In line with the above statement the NYO is considering counterintelligence proposals which would be directed against (1) the production of the BPP newspaper; (2) the distribution of that newspaper and (3) the use of information contained in particular issues for topical counterintelligence proposals.

The NYO realizes the importance of negating the financial benefits coming to the BPP through the sale of their newspaper. Continued efforts will be made to derive logical and practical plans to thwart this crucial BPP operation.

**2. Operations Being Submitted**

On 6/12/70, an anonymous letter was sent to BPP headquarters in New York City which indicated that [redacted] a BPP member from New Haven, Connecticut, was disgruntled with his assignment within the BPP.

On 6/22/70, an anonymous note with an enclosed xerox copy of an article entitled "Four pigs were offered this week... A Victory For The People", which mentioned in [redacted] author on 8/12/70, was mailed to [redacted] in the past.

[redacted] an individual who has aided the BPP.
