BOOKS AT JSTOR: 最新评论 Books at JSTOR: Latest Reviews

LIBRARY JOURNAL

“Having an extensive database of articles and books integrated into a single search and delivery system is marvelous. JSTOR has created a system that makes it very easy to find different kinds of pertinent material and then access it quickly. I do love having the book reviews in JSTOR immediately linked into each individual title.... **This is one e-resource that will certainly be popular.**”

—Cheryl LaGuardia, Harvard University

CHOICE

CURRENT REVIEWS FOR ACADEMIC LIBRARIES

“Providing **high quality**, full-text academic content is at the core of what JSTOR does, and this product is no exception. The caliber, **availability, and accessibility** of e-book titles in this database are excellent, and licensing **models and pricing are fair**. **Recommended.**”

—L. J. Frederiksen, Washington State University
